George Sargenson, a boy sixteen years old, was drowned to-day while bathing in the Assiniboine, within the city limits.

SPOKANE FALLS, W.T., Aug. 5.—The entire business portion of this city was destroyed by fire last night. Twenty five blocks were burned to ashes. The estimated loss is \$14,000,000.

DES MOINES, Aug. 5.—The little town of Delhi, in Delaware county, was nearly destroyed by fire yesterday. Loss, about \$30,000.

SOLSGRINTH, Md., Aug. 5.—A dastardly attempt was made on Saturday night to wreck the Manitoba and Southwestern express, by putting a pile of old ties on the track. It is known who the villain is.

MONTREAL, Aug. 6.—About 300 delegates to the Canadian Medical Association annual meeting, to be held at Banff, left to-night.

A few days ago a clerk in the Merchants' Bank lost \$2,000. The money was found on the floor of another bank and returned to owners, who had advertised for it.

FATHER POINT, Aug. 6.—The steamship Montreal, of the Dominion line, which sailed from Montreal on July 31st for Liverpool, is totally wrecked on Belle Isle. All hands were saved.

MOOSEJAW, Aug. 7.—D. A. Urquhart, late agent at Saltcoats, was tried before Judge Wetmore on several charges of embezzlement. He admitted several of the charges, and was sentenced to serve three years in the Manitoba Penitentiary.

WEST SELKIRK, Aug. 7.—Two Indians, Peter Shore and Joe Magais, were killed by lightning in their tent at Brokenhead, about ten miles from here, last night.

LIVERPOOL, Aug. 7.—The jury in the case of Mrs. Florence Maybrick, charged with the murder of her husband by poison, returned a verdict finding the defendant guilty of murder, and she was sentenced to death. Great indignation is felt at the judge, and when he made his appearance he was greeted with howls of rage. Steps have been taken to secure a stay of execution.

DUBLIN, Aug. 8.—The Court has refused the application for a writ of habeas corpus in the case of Charles Conybear, M.P., who was sentenced to three months imprisonment for conspiring to oppose the law.

LONDON, Aug. 8.—Parnell's health has shown signs of improvement, and he has been advised by his physicians to go to the south of France to recuperate.

A despatch from Candia, Crete, says the insurrection in Crete is spreading. The insurgents, to day, attacked a detachment of soldiers. Armenian and Mussulman volunteers went to the rescue, and a sharp fight ensued. The authorities are demoralized, and cannot control the insurgents.

The Imperial authorities have decided that British rights must be protected from outrage in Behring Sea. There is every belief here that when the United States see the determined attitude of Britain in support of Canada, they will no longer obstruct a speedy and peaceful settlement. Journals of all shades of opinion maintain the illegality and indefensibility of the action of the United States.

The river is still rising, and it is likely the steamer Northwest will come up the river shortly. She is now lying up near Cumberland.

F. C. Baker, one of our most popular young merchants, leaves for the east on Tuesday next, and—if dame rumor speaks true—will return with a life partner.

His Lordship the Bishop of Saskatchewan and the Rev. Dr. Mackay returned last evening from Stanley, where his Lordship had been visiting the different missions.

We have just received the calendar of Wesley College, Winnipeg, for the session 1889-90. The calendar is tastefully got up, and shows that the faculty have arranged an excellent course of study for students during the coming sessions.

Fort Arthur Illustrated, a supplement of the Manitoba Colonist, is a very handsome book, and reflects credit on the compilers. Its aim is to present the resources and attractions of Fort Arthur and its tributary districts in an interesting and pictorial form. It has succeeded most admirably.

A meeting of the volunteer and police monument fund committee was called for Wednesday evening last, but there were very few in attendance, and the Police were not represented at all. The meeting was adjourned until next week, before which time the Police will be notified. It is to be regretted that this matter should not be more popular.

The Police had a shooting match on Monday last with Winchester rifles, at 200, 400 and 500 yards, for a pair of field glasses presented by Mr. Thos. McKay. The shooting was very good and close. Sergt. Gordon, Const. Drake and Const. Donaldson each made ninety-two points, but Donaldson had the best score at the longest range, and won the glasses.

FRIDAY, AUG. 9, 1889.

THE CROPS.

The crop in this district, although light, is first class as far as quality is concerned, and it is safe from frost unless we are visited by it earlier than usual. All the grain in the district is ripe, and if the farmers do not cut it as soon as it is ready for the sickle they deserve no better fate than to have it frozen. A great deal of barley has already been cut and the wheat harvest has also commenced, and by the end of next week there should not be an acre standing. As we said, the crop is light; there will not be over half the usual yield from old land, but where the land was summer-fallowed last year the yield will be much better, and the yield from new ground will in most cases be quite up to the average.

Uncle Sam has been up to his old tricks in Behring Sea recently. News comes that a British sealing vessel has been seized by an American cruiser for alleged violation of treaty rights, by entering Behring Sea, which the United States claims to be a closed sea and to belong exclusively to the great American Republic. They have for a long time persisted in this absurd claim and have in other years made somewhat free with ships entering those waters under the British and Canadian flags. Hitherto not much has been said about these seizures by the British Government and the United States have evidently come to the conclusion that John Bull is scared and that such rascally outrages can be perpetrated at pleasure. Canada has never admitted the contentions of the United States and now Great Britain steps in and asserts that her rights must be protected in Behring Sea, and that Canada shall have the full support of the mother country. It will now be in order for the Americans to get their navy in repair and for Senator Fry and other Yankee senators, who suffer from Anglo-phobia to put on their war paint and proceed to tear the nails out of the British lion. There is every evidence that England is very much in earnest over the matter just at present and is determined that her subjects shall have equal privileges in that sea with the Americans and the probabilities are that the great American eagle will have to come down "off her perch." As long as England appears supine in

this matter just so long will the Yankees take advantage of their numerical superiority to molest their weaker neighbors and deprive them of their rights. Now that England is beginning to enquire into the matter it is believed that the American Government will consent to a settlement of the questions in dispute, and in the meantime will refrain from perpetrating any more outrages.

The *Commercial* says because the wheat crop prospects are not as bright as they might be in Manitoba this year, the idea seems to prevail that prices will be high next fall and winter. We notice that a number of the provincial papers have so intimated to their readers. Now, while it is to be hoped that good prices may be realized, yet it will not do to be too firmly fixed in the belief that big prices will be paid for wheat next season simply because the crops in Manitoba are light. * * * Now, as far as United States is concerned, the official figures of the Washington Government points to a total crop for 1889 amounting to 60,000,000 to 70,000,000 bushels in excess of last year. This would indicate a plentiful supply of wheat for all requirements for the next twelve months, and if the official estimates are realized, a large export movement from this continent to Europe would be necessary to cause high prices.

LOCAL NEWS.

The examination for teachers' certificates was held in the Central School on Tuesday, Wednesday and Thursday of this week. Inspector the Rev. Canon Flett presided. The following went up for examination:—Thomas Bear, Lizzie Cameron, Agnes Thomson, Myrtle E. Cherry, Martha Thomson, F. H. Gouldhawk, Edith Gordon, Annie McTaggart, Alexena McGregor and Louisa Spencer. Thomas Bear is an Indian, who has been studying at Emmanuel College. He is the first Indian who has gone up for a teacher's certificate in this district.

T. O. Davis, one of our immigration agents, returned this week after an absence of about two months. Mr. Davis visited several towns in Ontario and Quebec, and was very successful in inducing farmers to come this far to see the country. Mr. Davis induced the Peterson brothers, who are now on their way out, to locate in this district, they having made up their minds to settle along the line of railway. There are two other immigration agents from this district, and it is to be hoped they will bring back good accounts of their labors.

TELEGRAPHIC.

VICTORIA, B.C., Aug. 9.—Excitement regarding the Black Diamond has simmered down. Both Canadian and United States Governments have been officially informed of the matter. The general impression prevails that nothing will be said by the American Government, and that the captain of the *Rush* was well aware that the schooner would never enter Sitka.

St. PETERSBURG, Aug. 8.—Eighty Nihilists have been arrested at Kharkoff. The police are raiding the houses of the members of a new Socialist society at Odessa.

CHICAGO, Aug. 8.—Advice from Laredo, Tex., say a man is there under arrest, supposed to be Tascott, murderer of Sael, the Chicago millionaire. The prisoner's appearance corresponds exactly with the description given of Tascott. Scars on Tascott's elbows and legs have counterparts upon the Laredo man, and, although there is no gold in the prisoner's front teeth, a cavity which had once been filled is there. A photograph of the prisoner has been forwarded to the chief of police, Chicago.

QUEBEC, Aug. 8.—Half pound hail stones fell at Maveer during Saturday's storm. Farmers lost heavily.

BREITLIN, Aug. 8.—Catherine Nicholson the well known opera singer of this city, has committed suicide by shooting herself. The act is attributed to an unfortunate love affair.

TOWN COUNCIL.

A regular meeting of the Council was held on Monday evening last. Coun. Mair occupied the chair. Present:—Couns. Donaldson, Sanderson, Goodfellow, Mair, and Woodman.

The minutes were read and approved.

COMMUNICATIONS.

A communication was received from S. Brewster asking for the use of the Council Chamber for the Memorial Fund Committee on Wednesday afternoon. The request was granted.

The clerk reported that Neilson & McBeath had paid the necessary fee for livery license and Chas. Byrne for day license.

Riggs & Campbell presented an account for \$1, which was ordered to be paid.

REPORTS.

The Board of Works reported that the box drain on Church street was repaired and tested and it worked satisfactorily. They recommended that P. Thorpe be paid \$11, and that a sum of money be placed at the disposal of the Committee.

The constable and license inspector presented his report, which was considered in committee of the whole, when the following was adopted:—

2. That the cases of Jackson and Goodfellow be referred to the solicitor for his opinion.

1. That the license inspector carry out the instructions of this council with regard to draymen.

MOTIONS.

Moved by Couns. Woodman and Sanderson that on the recommendation of the license inspector, Neilson & McBeath be not granted a license until they comply with the license inspector's report.

Couns. Woodman moved and Goodfellow seconded that the council place the sum of \$100 at the disposal of the Board of works. Carried.

By Woodman and Donaldson that livery and feed stable keepers, who paid the sum of \$5 in 1887 and 1888 for feed stable license, be returned the same as the council had not power to grant such license. Lost.

The by-law to prevent persons from voting who have not paid their taxes by a certain time, was lost on the third reading.

The by-law appointing a collector was read three times and J. M. Coombs was given the position.

The Council then adjourned.

THE PUBLIC WILL APPRECIATE IT

The public are indebted to the Royal Baking Powder Co. not more for having perfected and prepared a leavening agent that is pure and wholesome beyond a question than for its exposures, so boldly made, of the numerous impure, adulterated and injurious articles that are sold under the name of baking powders, bread preparations, etc., throughout the country. In making these exposures the company has, of course, made itself the target for all sorts of counter attacks, but the animus of these attacks has been perfectly understood by the general public, and by their very virulence have served to more prominently call attention to the good work of the "Royal" Company.

Ordinary adulterations such as are found in coffee, spices, etc., although they are swindles in a commercial sense, are often tolerated because they do not particularly affect the health of the consumer. But when an article like baking powder, that is relied upon for the healthful preparation of almost every meal, is so made as to carry highly injurious, if not rankly poisonous elements into our daily food, it is the duty of the public authorities to take cognizance of it.

In this fight for pure food made by the "Royal" Company, it is to be noticed that the most trustworthy scientific authorities are emphatically upon its side. In all the contests of this company with the alum and other impure baking powders the result has proved that every statement made by the Royal Baking Powder Co., as to the purity of its own and the adulteration of other baking powders of the market, was fully authorized by the most competent chemical and medical authorities of the country.

In this contest two facts have been pretty conclusively settled in the minds of the public—the first that the "Royal" Company has found the means, and uses them, to make a chemically pure article of food, and the other that the market is full of poisonous, alum and other adulterated baking powders which, no mat-

ter how strongly endorsed by "commercial" chemists, are to be studiously avoided.

A pure baking powder is one of the chief aids to the cook in preparing perfect and wholesome food. The recent controversy in the press has left it no longer a question with those who desire purity and wholesomeness of food what baking powder they shall use.

RED DEER HILL.

A picnic under the auspices of Rupert Council, Royal Templars of Temperance, was held on the farm of Mr. A. Spence on Thursday, July 25th, that date being the first anniversary of the opening of this Council.

A large number of the members of Rupert Council were present, and together with the members of St. Andrew's Council and others, partook of a splendid dinner which had been prepared by the ladies.

After partaking of dinner, a game of baseball was played, the sides being captained by A. Messer and J. Olford. The score at the close stood eleven to ten respectively.

On account of the great heat which prevailed during the day, the programme of sports which had been prepared was not carried out.

Dancing was commenced in Mr. A. Spence's house at about four o'clock in the afternoon, and kept up until after daybreak.

A number of the members of Rupert Council left at an early hour, as they had a long distance to drive; but others arriving, the crowd was still a large one, and the occasion was most thoroughly enjoyed by all present.

BATTLEFORD.

The water in the Battle and Saskatchewan rivers is very low, and the handling of timber or rafts upon them is accompanied by the greatest difficulty. Navigation is a thing not to be thought of unless present circumstances change.

There is not such a rush this year for Mounted Police contracts for hay as is generally the case, and prices are likely to range higher than usual. Many hay fields that yielded well last year are quite barren, and few are as good as they used to be.

SATURDAY AFTERNOON.

The Police range presented a very gay appearance on Saturday afternoon last. The occasion being the finishing of the annual meeting of the S. P. R. A.; and more particularly the shooting off of the Ladies' Match, in which great interest was taken, and presentation of prizes won in the several matches. All the principal merchants had closed their places of business, by agreement, and the streets were as quiet as on a Sunday; every person having gone up to the butts. Shortly after noon the town's people began to arrive on the range, and by 2 o'clock there were fully 200 people on the ground. The ladies were there in their light summer attire and the male citizen in his more sombre clothing, and the police, who were there in great numbers, with their red coats, and the band gave a military air to the whole surroundings. A stranger viewing the ground at that time could easily imagine himself in the centre of civilization instead of being in the wilds of the Northwest and 270 miles from a railroad. Several tents had been pitched for the accommodation of visitors in which they could take shelter from the boiling hot sun, notwithstanding a very strong wind that was blowing. The P. A. C. Band was in attendance, under Mr. Robert McKay, and played some very sweet music in a masterly manner, which added greatly to the liveliness of the occasion.

LADIES' MATCH.

The Ladies' Match was announced to commence at 1:30 p.m. and at that time there were over sixty names on the ladies' subscription list, all of whom had to be shot for, but there was not that number of riflemen, so that about ten had to double up. The way each lady was given a champion was by putting a ticket with a rifleman's name on it in a box, and the ladies would draw one ticket on which would be the name of her champion. No little excitement was created as each marksman made a higher score than a previous one. At about 5 o'clock the match was finished and President Stewart, representing Mrs. McPhail, had the top score of 33 points. The shooting all through was not near so good as last year; then a possible and two 34s were made. The wind was strong fustial and gusty. The following are the successful ladies who won prizes through their champions, and the scores made:—

No.	Name	Points
1.	Mrs. McPhail, china tea set, represented by J. Stewart,	23
2.	Mrs. G. S. Davidson, silk table cover, by F. C. Baker,	32
3.	Mrs. Angus McKay, silk table cover, by Staff-Sergt. Parker,	32

- Mrs. J. B. Ashby, brass kettle, by Const. Drake, 32
- Mrs. Canon Flett, odor case, by A. L. Bird, 31
- Mrs. R. B. Way, hand bag, by J. F. Dyke-Parker, 31
- Mrs. McLellan, child's silver set, Const. Carmichael, 31
- Miss Thompson, lamp, by R. J. Pritchard, 31
- Mrs. Johnson, pr. vases, by Angus McKay, 30
- Mrs. Sergt. Parker, pr. salts, by Const. Donaldson, 30
- Mrs. P. G. Laurie, hand bag, by J. L. Johnson, 30
- Mrs. Rankin, hand bag, by Constable Drake, 29
- Mrs. J. McTaggart, pr. vases, by R. C. Laurie, 29
- Miss McLean, lady's companion, by J. W. Hurd, 29
- Miss Patterson, scissors case, by R. C. McDonald, 29
- Mrs. W. B. Goodfellow, salver, by D. Williamson, 29
- Mrs. J. M. Campbell, pr. vases, by Sergt. Montgomery, 29
- Mrs. Archdeacon Geo. McKay, butter knife, by W. J. Bishop, 29
- Mrs. J. Howard, butter knife, by Supt. Perry, 28
- Mrs. P. L. Lafonde, butter knife, by Insp. Norman, 28

A sumptuous luncheon was provided by the ladies, which was partaken of during the progress of the match, and it goes without saying that it was enjoyed most heartily by everyone.

After the Ladies' Match was over the prizes were brought out on a table in front of the tents and presented to the winners by Mrs. Perry, wife of Supt. A. B. Perry, 1st vice president of the association.

SPECIAL PRIZES.

A great number of special prizes were given this year, and cups and medals were won for the last time, the winners being:—

James McKay, for the highest aggregate at 200 yards in the Merchants' and Association Matches, \$5 given by Mr. T. J. Agnew.

D. Williamson, for highest aggregate at 500 yards in the Merchants' and Association Matches, \$5 given by Mr. J. L. Johnson.

F. C. Baker won the special prize of \$10 presented by Mr. Geo. S. Davidson for the highest aggregate score at 600 yards in Association and Macdonald Matches.

James McKay won the Association medal presented by President Stewart.

James McKay won Mr. Betts' M. L. A. silver medal for the highest aggregate in Merchants', Association and Macdonald Matches.

James McKay won the D. R. A. silver medal.

A. R. Carmichael won the bronze medal presented by the D. R. A. as second prize.

A. E. Montgomery won the Johnson medal for the highest aggregate in the Merchants' and Association Matches. This medal was shot off for by all the previous winners.

James McKay was the final winner and owner of the Macdonald cup.

F. C. Baker won the special prize of \$10 presented by Supt. A. B. Perry, for the highest aggregate in Merchants', Association, Macdonald and Ladies' Matches.

Corp. Kerr received the D. R. A. bronze medal, which he won last year but was not sent to the S. P. R. A. until lately.

A challenge match was shot off between the three brothers McKay and Parker at 400 yards range, which resulted in favor of the Parkers by 8 points.

Rev. Mr. Wright and Mr. S. Brewster kept the registers during the three days of the competition, in an able and untiring manner.

Some time this fall the Association intend holding another meeting, at which the Nursery and Consolation Matches will be shot off on their own range across the river, which is being finished so that the members can go over and practice.

CITIZEN'S BALL.

On Friday evening of last week the citizens of our town gave a ball in honor of their friends and neighbors from Battleford, at the Hudson's Bay Co's quarters, which was kindly lent by Chief Factor the Hon. L. Clarke. The entire building was placed at the disposal of the committee and although there was no drapery of any account the place was bright and comfortable. The supper, which was provided by the ladies, and which comprised all the delicacies of the season, was served on the ground floor while the upstairs was kept for dancing. The guests of the evening all expressed themselves as well pleased with the manner in which they had been entertained

since they came to Prince Albert, and hoped they would have a chance at some near future date to return the compliment. About fifty couples were present, all of whom were well pleased with the evening's enjoyment.
